### Non-Evaluative Comments

Temecula is currently served by a county branch library. Due to the dramatic population increase in Temecula, the library jurisdiction has determined the need for a new city library facility that will operate in addition to the existing branch facility. The Bond Act Application Form asks for the square footage and dates of construction and renovation for library buildings that will be replaced or improved. Because the current library will continue to operate, the applicant has not completed those sections in the Application Form, and it is considered to have no existing library.
